to notice that in the original bill, it gave the Board of Regents the power to create additional colleges without going to the Legislature for approval, which is the present way. Now the amendment we just passed struck that so the bill as it is now creates four new colleges, three up at the University of Nebraska at Omaha, one here at Lincoln and actually, these are all existing programs within the institution. All it is is a change in the administrative structure to give them a designation of the college rather than a school that they are now.

SPEAKER: Speaking on the bill. Senator Carpenter.

SENATOR CARPENTER: Well I think the bill is going to be controversial and I ask that it be, we're going to establish three or four more colleges, I want to look at it.

SPEAKER: All right. Senator Savage, what's your pleasure? Then Senator Nore. Senator Savage.

SENATOR SAVAGE: Well, all I wanted to explain, to Senator Carpenter, that this doesn't establish a new college, it's doing just exactly what we did for the College of Nursing in Omaha last year. It just gives it a status, it doesn't cost the State any more money so, that's all it is and I rise in support of this bill.

SPEAKER: Thank you Senator Savage, Senator Nore.

SENATOR NORE: Mr. President and fellow Members, we know when we establish a new college we have a whole new layer of administration so I think there is some fiscal impact there so I'd certainly like to look at it, at what the impact is, we'll have to have a new group of deans and assistant deans and assistant deans.

SPEAKER: All right, Senator Fowler, is it getting controversial?

SENATOR FOWLER: If members feel so, I'd be willing to pass over.

SPEAKER: All right.

SENATOR FOWLER: If people want more information, fine.

SPEAKER: Good, Senator Carpenter, do you want to pass over? O.K. Senator Whitney, you in agreement? It is so ordered, we'll pass over 275. We'll move on to the general file consideration of L.B. 278. Senator Carsten, Fred or Cal Carsten in the house?

CLERK: Legislative Bill 278, introduced by Calvin F. Carsten of the 2nd district. (bill read). The bill has no committee amendments or other amendments.

SPEAKER: Well, Chair recognizes Senator Waldron.

SENATOR WALDRON: Mr. President, I'd like to pass over if I may, so I can offer an amendment to it or otherwise, discussing it, I will offer an amendment which will be controversial so, I would like to pass over.

SPEAKER: Well, we tested the water with that one, didn't we. Senator Barnett, for what purpose do you rise?

SENATOR BARNETT: I have a question of the Chair.

SPEAKER: Shoot.

SENATOR BARNETT: We're talking about passing over everything this morning on controversial issues and I think we got more
